

LP® SMARTSIDE® ADVANTAGES

With 20 years of successful performance, it's easy to see why the LP® SmartSide® brand is one of the fastest-growing brands for siding materials in the U.S. LP has redefined traditional building materials with treated engineered wood products that are designed to offer game-changing durability, beauty and workability.

LP Has Workability Nailed

Our treated engineered wood siding cuts out the time you spend dealing with warped and split pieces when properly stored and applied. Virtually every piece leaves the mill straight and ready to use.

- Works and cuts like traditional wood
- Easier to install than fiber cement
- Requires fewer tools
- Weighs less, easier to carry, less breakage than fiber cement
- 16' lengths vs. fiber cement's shorter 12' lengths, often resulting in fewer seams or joints on your structure

Beauty Designed for Peace of Mind

Choose your style to get the look you want with the beauty of treated engineered wood trim and siding. Our products offer you the versatility to achieve stunning results.

- Pre-primed for optimal paint adhesion
- No efflorescence
- Realistic woodgrain texture
- Longer lengths may mean fewer seams for better aesthetics
- Created with the renewable resource of wood, procured using processes certified by the Sustainable Forestry Initiative (SFI®)
- The LP SmartSide Siding 5/50 year limited warranty is longer and covers more than most fiber cement product warranties
- LP SmartSide limited warranty also includes damage from hail - see warranty for details

Our Durability Difference

Our products have the advanced performance of treated engineered wood for durability. Our SmartGuard® process adds strength and helps withstand impacts.

- The LP SmartSide limited warranty is longer than most fiber cement product warranties
- LP SmartSide Lap Siding products are more resistant to impact damage from common projectiles like golf balls and baseballs than fiber cement products
- Resists damage of freeze-thaw cycles
- Even with moisture and humidity SmartSide resists fungal decay
